

Academia Group Switzerland AG was founded in 2005 as a regional language school for companies and private students. Fifteen years later Academia presents itself as one of the biggest providers of educational opportunities in Switzerland – with more than 1'200 employees at over 20 locations. Today Academia consists of Academia Languages, Academia International School, Academia Bilingual School, Academia Nachhilfe, Academia Matura and Academia Integration. In our Academia Matura program we prepare young students for the international or the Swiss matura, the Federal Vocational Baccalaureate and the supplementary university access exam.

We are seeking to recruit an **english speaking teacher for Biology (A-Levels)**

Commencement of job: as of now  
Location: Bern
